## CHILDREN'S HOME CHILD ADVOCACY CENTER

Children's Home Child Advocacy Center (CAC) serves children who are alleged victims of sexual abuse, physical abuse, or who have witnessed extreme violence. CAC provides forensic interviews and support to families, as well as coordination of specialized medical examinations. Referrals come primarily through law enforcement and Child Protection Services.

## MINNELUZAHAN SENIOR CENTER

The Minneluzahan Senior Center provides a location for seniors to enrich their lives and remain engaged citizens. There is a special focus on inter-cultural and inter-heritage exchange. Proceeds from the Kuchen sale will go to fund the center's programs, including a new Happy Pak Program that provides meals and activities for seniors to pick up during this time of isolation.
